Dear Mr. Nelson:

Thank you for your inquiry about the Dura 1041 machine by way of our recent advertisement.

Enclosed you will find literature featuring the Dura machines which we hope you will be able to review carefully. You should find the use of our machines of considerable value in your operations.

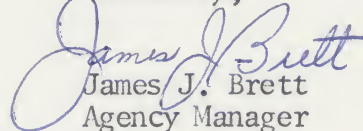

A number of installations are in full operation in your area which we will be pleased to tell you about, or, to take you to see. Or, if you desire, we can demonstrate right in your office or plant since most of our machines are light in weight and portable.

Your local representative, Mr. Ed Gardner, will be contacting you soon. His office address and telephone number are:

14 Maxwell Road
Newtonville, New York (Albany)
Telephone: 518-785-4300

If you require additional information or if we may be of further service, please do not hesitate to call upon us.

Sincerely,

James J. Brett
